Residence of Dr. and Mrs. W. R. Wherritt, one of the finest early homes in Heber. Built in the early 1900's by John Austin and purchased by Dr. Wherritt in 1908. It was built before electricity and city water were supplied. Water for the home was hand pumped from a well on the lot to tanks in the top of the home which supplied pressured water. It is still one of the outstanding homes of the city.
